

TABERNACLE.

Rev. Mr. Pearson Delivers Another Telling Discourse to a Good Audience.

Sits Down Upon the "Note-Writing and Love-Making Set" and

Nicely, Yet Forcibly, Reminds Those Dudes and Miss Dudes that He Must and Will Have Order.

Now, I hope, dear friends, you are going to the cross of Christ; and you who have not yet come to be saved. Let us take everything in prayer—blessings, sins, and everything to God in prayer. Friends, four weeks of these things have passed, and many of you doubt are getting tired of these stretches; however, I'm glad to see the continued presence of so many. TROUBLE AHEAD.

A Strong Probability that Gov. Ireland Will Send Rangers to the Panhandle.

Northwest Texas Cattlemen Refuse to Permit Southern Cattle to be Driven Through.

Six Thousand Cattle Now at Harrold Refused Right of Way Over the Public Domain.

For some time past there has been considerable discussion in regard to the proposed drive of South Texas cattle said to be affected with fever through the Panhandle. The cattlemen of the Northwest claim their cattle will be killed by the infection, and have been very decided in regard to the stand they will take in the matter. The Capital Land & Cattle company now have 6000 head of cattle at Harrold, lately brought from Southern Texas, ready to be driven through to Kansas on the public domain. It is said that Gov. Ireland, when applied to in regard to the prospects of the company getting the cattle through, replied that he would order the rangers to the Panhandle if necessary. If this force was not sufficient the militia would be called out, and if they were unable to give required aid then volunteers would be called for, these forces to be used in giving the company right of way over the public domain. The cattle are at Harrold and the Panhandle men refuse to let them go on. Mr. Joe Collins, on behalf of those in charge of the cattle, telegraphed Gov. Ireland yesterday asking that rangers be sent, as resistance would be offered to the drive. The Panhandle men look upon it as a case of life and death for their cattle and it is said as many as 1500 have agreed to resist the drive. On the 15th there is to be a meeting of cattlemen at Dallas to determine in regard to the matter, and these complications will make its decision all the more important. Those who are acquainted with the situation fear trouble.

CUBA.

Acres of Sugar-Cane Burned—A Financial Crisis.

NEW YORK, May 11.—An Havana, Cuba, letter says 400 acres of sugar-cane on the estate of Yxmon at Reoro were recently burned. Over forty-five houses were burned at Maguaya. Advice from Porto Rico says a commission of the provincial deputation waited on the governor-general and, after settling forth the unfortunate situation in which the island is placed owing to the prevalence of a financial crisis, requested him to endeavor to induce the government to abolish the export duty on sugar at once.

MARSHALL.

An Unpopular State of Affairs in Municipal Matters.

MARSHALL, TEX., May 10.—There is no disguising the fact that our people are thoroughly disgusted with the way in which our municipal matters are being conducted. C. A. Wood, a small boy, a deaf-mute, was playing with a toy pistol. He didn't know it was loaded. The wound in the palm of his hand is very painful, though not dangerous. All our Jewish friends have deserted the city and gone to Woodlawn to have a grand picnic. Judging from the amount of commissary stores that have gone forward a good time may be expected.

Capt. C. D. Kutz and family of Scottsville left for the exposition yesterday.

AUSTIN.

The State Prisons Spending More Than They Are Taking In.

AUSTIN, TEX., May 11.—The comptroller to-day paid in \$7,000 to the credit of the general revenue.

The new penitentiary board was in session to-day and the proceedings were refused the press reporters. It leaks out, however, that the prisons just now are spending a deal more than they are taking in and to meet the deficiency some \$25,000 have been drawn out of the treasury within the past three days.

The board also to-day to prevent the bankrupting of the industries at the Huntsville prison, agreed to take from the contractors one-half of their convicts, thus giving them relief to that extent. The Eighteenth legislature, which opposed the old lease and was going to make a half-million profit annually out of the prisons under state control, is sadly needed at the front just now.

Time proves that Gov. Ireland was right on the lease question. He is no longer of the penitentiary board.

The Dallas & Northwestern Railway company, a capital stock \$2,500,000, filed a charter to-day. The proposed line begins at Dallas and extending through the counties of Tarrant, Denton, Wise, Jack, Montague, Clay, Young, Archer and Baylor, will have its terminus at Seymour.

SHERMAN.

On the Trail of Some Members of the Outlaw Gang—A Fisticuff.

SHERMAN, TEX., May 11.—Elijah Sacco came to Sherman from his brother's ranch on Glass creek in the territory to-day, and says that Jim and Pink Lee of the outlaw gang were at Halford's ranch Sunday evening and exchanged their jaded horses for fresh ones. They told a hand on the ranch that they would not leave the country, but would leave the horses where the owners could get them. They said also that they were going to stay there, and for him to tell all parties who wanted them to come and get them. There is now no doubt that these men were in Sherman Friday. They left before the next day for the nation. They contemplated surrender, but were advised not to risk it. Our officers got a hint of their presence, but they were too slow to be caught. They have threatened the lives of John Washington and Streeter Brown, who were foremost in hunting them down, and these men will not rest easy while they are running around loose.

Our city had some excitement to-day over a fist fight between two prominent citizens of this and Cooke county. Andy Addington of Gainesville and Morris Schneider of Sherman were the parties. The trouble grew out of a business transaction. Addington pleaded guilty to assault and battery, paid his fine and went home with a red eye. Schneider was bruised about the face. Neither man was seriously hurt.

DALLAS.

An Additional Tax of Ten Cents Levied—A Riad on Colored Gamblers.

DALLAS, TEX., May 11.—The county commissioners' court to-day levied the taxes for the coming year. Owing to the failure of Adams & Leonard last fall, by which the county is out of pocket about \$6000, an additional tax of ten cents on the hundred dollars was levied. The tax now stands as follows: Road tax, 15 cents; sinking fund to pay court-house and bridge bonds, 10 cents; general tax, 25 cents. With the state tax of 37 1/2 cents, the whole tax is 57 1/2 cents. The indebtedness of the county is as follows: Seven per cent. bridge bonds, \$38,000; 10 per cent. court-house bonds, \$29,000. The assessable property of the county, according to the report of the assessor's books, is \$15,300,000.

The executive committee of the fire insurance companies of the state met here to-day. The meeting was a private one and nothing could be learned in regard to the proceedings.

The regular monthly meeting of the directory of the Merchants' exchange took place and adjourned to day, without transacting any business of moment.

The annual meeting of the directors of the Texas Trunk will be held to-morrow. There will be an election of officers, etc. Already the committee appointed by the people of Henderson county to submit propositions for the extension of the road to Athens is on hand.

The officers of the proposed Dallas & Northwestern road are: T. L. Marshall, president; F. M. Cockrell, vice-president; A. J. Porter, secretary; W. H. Lemon, assistant secretary; A. W. Childress, treasurer.

The city engineer is now examining and reporting all buildings, awnings and cornices which he deems dangerous or unsafe.

About forty negro gamblers were enjoying games of "papa" in an old building on Saturday night when they were raided by the police. The windows were barred, and only one door unlocked. The "coons" took in the situation, blew out the lights and went through the side of the house. They actually butted the planks off to make their escape. The officers failed to catch but one, and he turned out to be the negro who had piloted them to the den. They caught him in the dark and when a lamp was brought there was much disgust.

Bishop Gallagher, yesterday, administered the right of confirmation at the churches of St. Patrick and the Sacred Heart. He also blessed the bell which blew from the steeple of the former during the late storm.

A STEAMER LOST.

The Helvetia Goes Down Off Cape Breton—No Lives Lost.

HALIFAX, N. S., May 11.—The White Cross line Belgian steamer Helvetia, of 1161 tons, with a general cargo, which started from Antwerp April 23 for Montreal, was sunk off Scattered, Cape Breton, on Saturday.

This is the fourth steamer of that line which has been lost within as many years.

The steamer August C. Andres sailed from New York for Antwerp and was never heard of.

In the fall of 1893 the Herman Ludwig sailed from Montreal for Antwerp with a crew of thirty men and a valuable cargo and that was the last that was heard of her.

Only thirteen months ago the Daniel Steinmann crashed on the rocks at Saurbo Islands and 124 lives were lost.

The Helvetia makes the fourth vessel that has met with disaster. A rather remarkable coincidence is the fact that Capt. Schoonhoven, who commanded the Daniel Steinmann, was also in command of the Helvetia, and this was the first passage across the Atlantic which he has made since the wreck of the Steinmann. The Helvetia arrived in the Gulf of St. Lawrence over a week ago and has been knocking about in the lee for seven or eight days. Her bows were stove in and she was otherwise damaged by the ice. She was leaking badly.

On Friday Capt. Schoonhoven left Cape Bay and bore up for Sydney, hoping all he could do to keep the ship afloat.

On Saturday a heavy sea sprang up and he halted the Allen Line steamer Acadia, which was passing while on her voyage from Halifax to Sydney. The Acadia took the Helvetia in tow and headed for Lewisburg, but had not gone far before Capt. Schoonhoven signalled that he was sinking. The boats were lowered and the passengers and crew got into them as soon as possible, but none too soon. The last boat had barely got clear before the Helvetia careened over and sank. The steamer Acadia then put back to Strait Causo and landed the survivors at Port Hawkesburg.

Capt. Farquhar of the sailing steamer George Shattuck this morning reports that he never knew of such enormous quantities of ice off the coast. The Helvetia carried a cargo valued at \$400,000 and sank in deep water.

Five Negroes Killed.

SAVANNAH, GA., May 11.—Meagre details have been received here of the killing of five negroes in a dispute over a game of cards at Papots Mills, about forty miles south of this city.

A posse is scouring the country in search of the murderers, two of whom have been arrested. Threats of lynching are made.

Alabama Day.

NEW ORLEANS, LA., May 11.—Gov. O'Neal of Alabama and his staff, accompanied by the Montgomery True Blues and a detachment of the Montgomery Greys have arrived with the militia from Mobile to participate in the ceremonies of "Alabama" day at the exposition to-day.

ate veterans went up to the grounds by boat. A number of military companies that took part in the drill at Mobile were also present. The exercises were held in Music Hall. Speeches were made by Gen. J. R. Carnahan of the Grand Army of the Republic and Hon. J. H. Broughan of the Confederate army. The Mexican band furnished delightful music. At half-past 2 the crowds that had come from Alabama assembled under the oaks at Exposition park, where took place the ceremonies in honor of Alabama.

The Isthmus Rebels Still Fighting.

PANAMA, May 11.—Five hundred men arrived from Buena Ventura yesterday and 300 more are on the way. The Colombian Guard, which fought Preston at Colon, also arrived here with about 100 prisoners who were falsely reported as drowned.

Preston is besieging Cartagena, and he was recruited in the rebel camp, which was illuminated in his honor, with shouts of viva Preston.

An Erring Wife Returns.

MEMPHIS, TENN., May 11.—Mrs. J. J. Steindrede, the fugitive from husband, home and children, has returned from her trip abroad. Dr. Steindrede was seen this morning, and when questioned concerning his wife he said: "All that I can say to you is that she is in company in a safe place. My wife tells me that she has been the victim of designing people and I believe it, newspaper gossip notwithstanding."

A General Shooting Affray.

DODGE CITY, KAN., May 11.—Sunday night a dispute arose in a saloon here between Mathis, better known as Mysterious Dave, and David Barnes, a new comer, over a game of cards. Mathis struck Barnes with his fist and in the general fight which ensued some ten shots were fired. The result was the killing of Barnes and a slight wound in the forehead of Mathis, and an accidental wounding in the leg of John Wall and C. P. Camp through both legs. None of the wounded are seriously injured. Cyrus and Dave Mathis were arrested and jailed. The coroner is holding an inquest.

DENISON.

The Sunday Ordinance Not Enforced Satisfactorily.

DENISON, TEX., May 11.—Policeman Erskin arrested a colored man to-day named Wylie Wilson, who is wanted in Gainesville for burglary. He was taken in charge by a Cooke county officer.

The dwelling house of T. M. Sinner on Merrick avenue was burned last night. The house was a total loss, and the contents were mostly burned. The house was a new one, worth \$800, and was insured for \$600. The furniture was insured for \$400, all in Girard of Philadelphia. The origin of the fire is a mystery, as no fire had been in the kitchen stove since this morning, and the fire was first discovered in that part of the house. This is the third fire in four days, all of which have been dwellings and all insured.

J. B. Wilde of the firm of A. R. Collins & Co., who has been laid up with rheumatism, was on the street to-day in a "wheel chair," the first time he has been out in over seven months. He will go to Hot Springs in a day or two.

Mr. Joseph Perry, brother of E. Perry and a former resident of Denison, has returned to the city and will engage in business.

A grand time is anticipated at the Grand Army picnic on Thursday at the boulevard.

The Herald-News of this city criticizes your reporter for his error in reporting the capture of Stein and Lee, saying he was wrong as usual. The information sent THE GAZETTE was obtained from Marshal Cutler and was supposed to be correct, and, for aught your reporter knows, is yet. The Herald-News cannot get over the scoop. THE GAZETTE gave it on the cyclone report from this place. It was cause for remark in town that the Fort Worth GAZETTE, the Dallas Herald, the Globe-Democrat, St. Louis Republic and Galveston News, as well as the New Orleans Times-Democrat, had better and fuller reports of the cyclone than did the local daily.

The attempt at enforcing the Sunday law has not proved an entire success, yet, whatever it may prove in the end. Nothing has been said about the suppression of gambling, but Grayson has neither a Clint nor a Howlin for a county attorney. One thing can be said for the new administration, however, and that is the hogs are growing scarce on the streets. When the season gives out they may make a dash in some other direction for a diversion.

The water-works question is still agitating the general public, and the cry is for water, but there appears to be a want of that unity on the part of our citizens necessary to secure it.
